TWILIGHT OF GODS  
A Deep, Engrossing Adventure Game

Thank you for purchasing from the Global Star Software line of products.

### To Install Ring II:

- 1) Insert CD 1 into the CD-ROM drive.
- 2) The installation program should start immediately\*. Follow the on-screen instructions to complete the installation.
- 3) From the Start menu, go to Programs, Arxel Tribe, Ring II, Ring II to begin the game and insert CD 2 when prompted.

\* If the installation program does not start immediately, run the setup.exe file located on CD 1. The installation program will start. Follow the instructions to complete the installation.

Ring II is the tale of a young boy destined for greatness as he overcomes mind-bending puzzles on a mission of fate. The game itself offers a steep learning curve, with puzzles at the beginning of the game being relatively easy. As you progress, they quickly become harder and harder. Some of these situations can be overcome through brute force, but the true spirit of the game lies in clever thinking and creative solutions.

### To Play the Game

Before starting the game, go to Start, Programs, Arxel Tribe, Config. You can configure the quality resolution of the game depending on your video card here. Double-click the Ring II icon on your desktop to start the game or from the Start menu, go to Programs, Arxel Tribe, Ring II, Ring II to begin the game and insert CD 2 when prompted.

### Controls

Keyboard Controls:

Menu.....F1	Strafe Left.....K
Forward.....Up	Strafe Right .....L
Backward.....Down	Run.....Left-Shift
Turn Left.....Left	Action .....Space
Turn Right.....Right	Sword.....Back Space

### To Uninstall Ring II:

- 1) From the Start menu, select Settings, Control Panel, Add/Remove Programs. (Note: On Windows XP machines, go directly from the Start menu to Control Panel then Add/Remove Programs.)
- 2) Choose Ring II and click Add/Remove. (On Windows XP machines click Remove.)
- 3) Select Remove and click Next. Click OK to verify you want to remove Ring II from your machine. Ring II is removed. Click Finish to close the uninstall program.
