

## Survival Guide Addendum

The following information represents game features that have been added or improved after the game manual went to press:

### Restore is out... Begin is in

The **Restore** button has been replaced with **Begin** on the options screen. To start a new game, click on the **New** button. After typing in the name of the game, click on the **Begin** button. You will be taken to the Phrenology Map where you may select your destination.

To restore a previously saved game, click on the name of the game you wish to restore. The game will highlight. Click on the **Begin** button, and you will be taken to the Phrenology Map where you may select your destination.

### Sound Control

You can adjust the playback volume by hitting the number keys: 0 (sound off) through 9 (loudest).

### Transitions Toggle

Hitting the "T" key will turn off transitions, increasing the speed with which you can move through the environments. Hitting "T" again will turn on the transitions.
